Weaver High School

Class of 2002

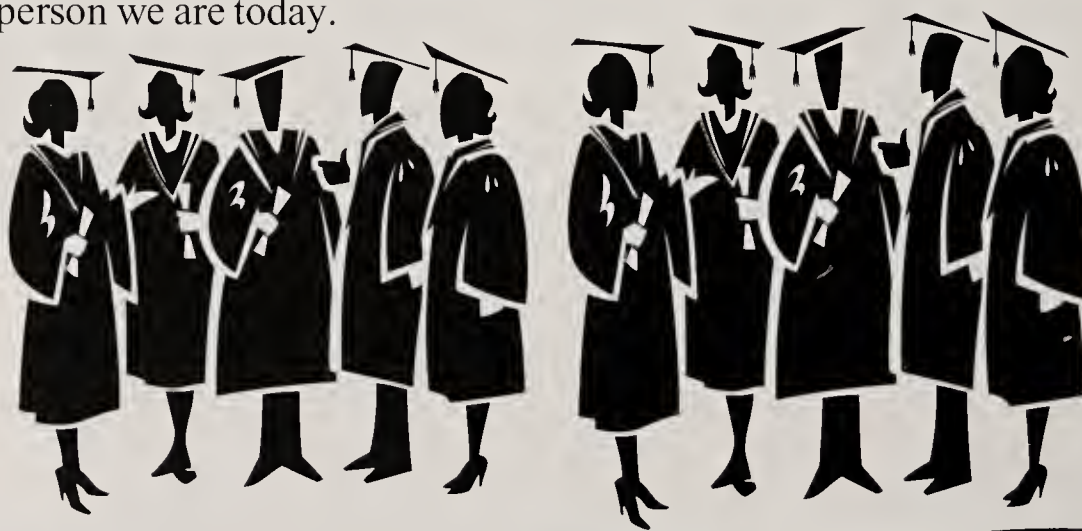

Class History

Could you believe it ... it was 4 years ago since we entered this school. The girls had wraps and crochet braids and the boys were rockin braids and low cuts. As hyper as we were then we somehow simmered down. From cussing out teachers to thanking them we learned not only some work, but how to grow, appreciate and love.

To the Class of "02", remember a lot of people are looking at us, expecting us to fail remember "We Gon Make It". We all did dumb things and still are doing them, but we know the consequences. As we sit here now in 2002 and look back at the four years we would have never imagined that some of us would be parents, our best friends would die, that we would have failed classes, become victims of hatred and jealousy, be on the borderline of graduating, that some of us would become the top people in the class, some of us would become the top star athletes, and that some of us will end up in jail. Each of us had our accomplishments and our downfalls. Choose your actions wisely because we have many more years to come. We don't want to repeat history nor do we want to fail. Never give anyone a chance to hold you, us, the class of 02 back.

Also as you look back remember September 11th, -- don't stress the petty stuff because no day is promised, Sister Souljah's powerful words-- she was real and told the truth, Let's not become someone else's business, the bomb threats -- let no one scare you and try to change your dreams, our teachers-- many of them helped and inspired us, use that inspiration and do something positive, Mr. Stringer-- a powerful guidance amounts to good things, choose your company wisely, and also Weaver-- an institution that provided books and people, whatever life gives you, its up to you how you use them.

As you can see the time has come, we are now leaving. Some may say that Weaver hasn't prepared us but we all can agree it was a wonderful experience. We met our best friends, our worst enemies, had the best times and the worst. Every moment has helped us grow and developed to the person we are today.

BACK

Do you remember...

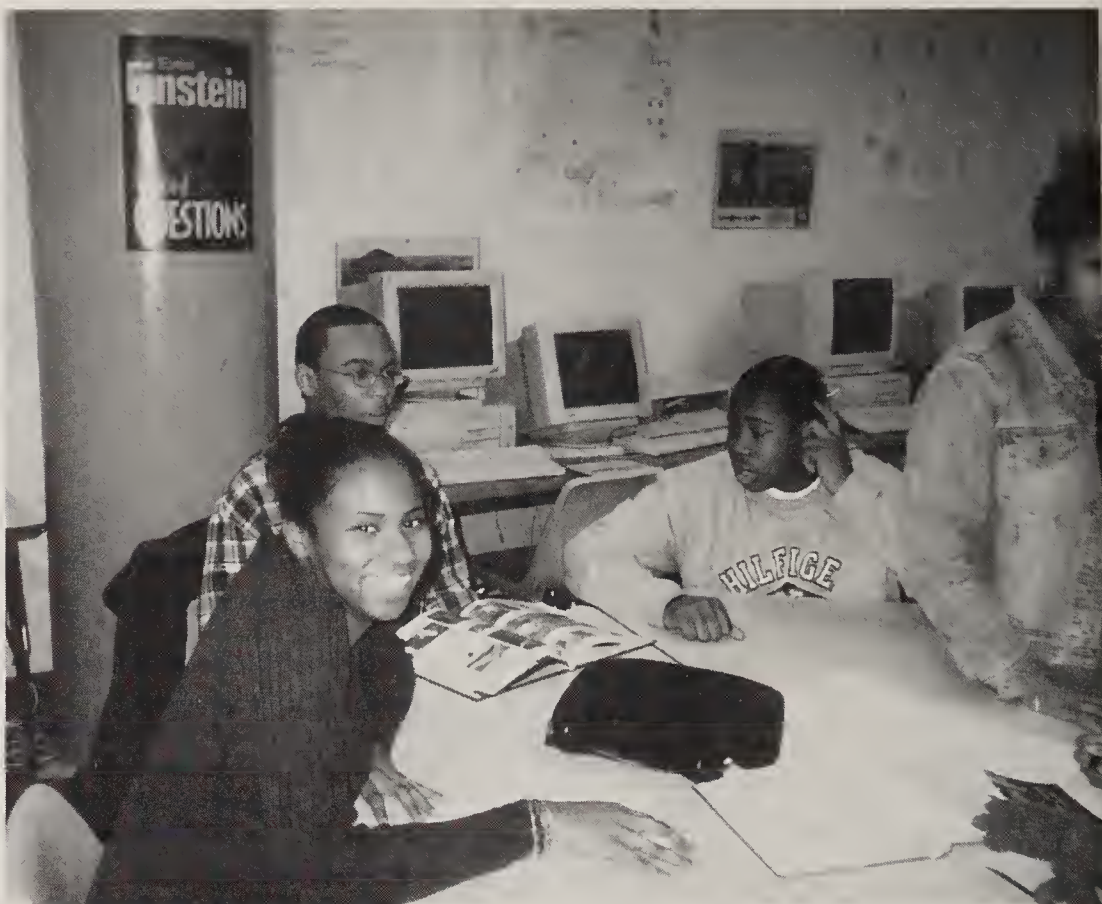

when we was on S Plan
when Sully was a teacher & dressed like a cheerleader
when we could only use 1 bathroom and had to sign in & out of it
when our best friends became firefighters
when Weaver & Bloomfield tied 28/28 in football
Ms. Mahoney was running the show
When Armstrong & Big Chuck was patrollin the hallways
Hearing "To The Rear" -- Mr. Lawes
when homeroom was before 1st period & then hogged by our 2nd period teachers
when Jabari had waves (360 all around)
we used to rock Sauconys
Fitzgerald held it down
Super Thug- what what what what- used to get us apmed up
girls had crochets & almost every boy had braids
everyone had BEEPERS
the AVE dance was the junk
Wednesday Beef Patties & Thursday wings
the breezeway was open (like 2 weeks)
We had crazy food fights
when we had no electricity & pure bomb threats
September 11, 2001
the track meets, football games, & basketball games & the wings
when the football team won the Championships ("99" --ALL OUT)
when all your friends became HATERS
the old Lascelles
Tomany's "black eye"
Alexus was #1 (Freshman Yr.)
Marc finally asked out Camille
Fleet ran from a bird
Ms. Hughes & her health problems
those butterfly clips
WEAVER WAS FUN !!!!!

One last thought... Do you remember when you were chillin in class cuz you had a sub or that time when you and your friends was chillin & talkin... Do you remember the good stuff & the bad, the HATERS, PLAYERS, BALLERs, and everyone else?

... NEVER FORGET WEAVER & YOUR EXPERIENCES
